# AIR-DRY CLAY TRINKET DISH

*Pinch a Little Keepsake ♡*

One small ball  
can become a place  
for your favourite  
little things.

Today: shape, smooth,  
dry, and check a  
decorative dish.

# START WITH A SMALL BALL

Keep the rest wrapped so it stays workable.

Cover the table. Knead a small piece until it feels smooth.

Roll one ball with no dry cracks.

# SMOOTH & PERSONALISE

A gentle touch gives it character.

Smooth the rim with a damp fingertip.

Press a light texture; keep the base sturdy.

# LET IT DRY

Let it rest.  
The little things  
can wait.

Dry undisturbed,  
following the clay  
maker's instructions.

Good  
Things  
Take Time  
♡

Use it for rings  
and other  
dry keepsakes.

Elly's tip: keep the base  
thick enough to support  
the dish.

# Leaf Rubbing Field Guide: Reveal Hidden Veins

Look how  
different these  
fallen leaves  
are!

Gather a few dry leaves  
from the ground.  
Leave living plants  
undisturbed.
